2017 CNY LOU HEI A SUCCESS!

Thanks to every one of you who participated in the APSA Sg Lou Hei and Networking event at SIA Group Sports Club on the 6th of Feb 2017. We were amazed at the large turnout and the spread was delicious. The Lion Dance performance was the peak of the evening. The feedback we got at the end of the night was the event was a success and they hope for more of such events. Of course, special thanks go to our sponsor, Mr Simon Ng of Leacov Singapore.

TIPS OF SAVING WATER

We've all heard the news, 30% hike on water prices. As much as we may lament we have to admit that water is a precious commodity that we should not waste. Here are some tips on saving water.

- Shower bucket. Shower with a bucket under the faucet. Reuse that water to flush the toilet or water plants.
- Turn off the tap while brushing teeth. Water leaves the tap at 6 litres a minute.
- Turn off tap while washing hands.
- Fix your leaks.
- Install water saving devices for faucets etc.

APSA SG HAS A NEW WEBSITE!

The APSA MC is proud to present to you our new website WWW.APSA.SG. "We chose the domain for its ease of typing and to be reflect our local chapter", was what one MC member said. After complains about the previous website the MC felt they needed to do something about it. With the new website comes also our new APSA twitter and Facebook account. Mo, APSA SG's newest member and head of IT chair put it best, "With more people taking to social media, a website alone is not sufficient to attract new members. Think of it as a magazine. The content inside is the website but the cover page and headline are the Facebook and twitter accounts respectively". APSA SG twitter account is twitter.com/APSA_SG and Facebook page is www.facebook.com/apsasingapore.
